Ship Boatswain _____ Ship Yeoman _____

Skipper _____ Committee chair _____

Commissioner _____ Level achieved _____ Did not achieve _____

This form should be turned in to the Scout service center with your charter renewal paperwork.

JOURNEY TO EXCELLENCE

Scouting's Journey to Excellence

2011 Ship Performance Recognition Program

Journey To Excellence, the new performance recognition program, changes the basic way we measure and recognize success in the Boy Scouts of America by moving away from measuring process and moving to measuring performance. Below provides specific information to help you understand the criteria and exactly what data will be used to determine the three levels of performance. In planning your strategy, use actual numbers from the previous year to guide your performance improvement goal planning. The ship youth leaders should take the lead in making this assessment. In each area, the ship may qualify by meeting a specific standard or by showing measured improvement.

1	The ship has selected an area of specialization and has carried out at least four activities in that area.
2	At charter renewal time, have an increase in the number of youth members over the number of youth members on the previous year's charter renewal.
3	The number of youth members that recharter (A) or separated/reregistered (B), divided by the number of youth members on the ship's previous charter renewal (C) less the number of youth who age out (D). Total = (A + B) / (C - D).
4	The ship has elected youth leaders as boatswain, boatswain's mate, yeoman, and purser who are leading the activities of the ship.
5	The ship participates in at least two service projects during the year and enters them on the Journey to Excellence website. The projects may be completed as joint projects with other organizations. At least one project must benefit the chartered organization.
6	Have a ship committee. All Skippers, mates, and members of committee (paid or multiple registration) have completed This Is Scouting and Youth Protection training, or new leaders complete them within three months of joining.
7	The ship participates in at least one super activity/long cruise of at least three days and nights, divided by the number of Sea Scouts on 6/30/2011.
8	Involve ship members' parents by having at least two parent meetings where ship activities and plans are reviewed and at least one parent from each family attends.
9	The ship has a written budget that is reviewed at all ship committee meetings, and the ship follows BSA policies relating to fundraising and fiscal management as found on the Unit Money-Earning Application form, the ships purser's book, and any other publication that the council has developed for fundraising and fiscal management.
10	Complete the ship's charter renewal paperwork, including all required signatures, and submit completed forms to the council service center before the end of the charter year.
11	Complete this form, including all required signatures, and submit to the council service center with the charter renewal paperwork.

Scoring the ship's performance: To determine the ship's performance level, you will use the above information to determine the points earned for each of the 11 individual criteria and then add those individual point scores to determine a composite score. Count only the highest point total achieved in any one requirement. Bronze level requires earning 9 of the 11 criteria plus 700 points, Silver level requires earning the Bronze level and 1,000 points, and Gold level requires earning the Bronze level and 1,600 points.

Performance measures already being considered for inclusion in the 2012 council performance recognition program will involve collecting feedback and improved scores on customer satisfaction surveys sent to parents, youth members, and charter partners.
